

## REMARKS

In the drawings, Fig. 2 has been amended to add the previously not shown reference number and Fig. 26 has been amended to particularly correct the incorrectly numbered reference numbers.

With regards to the specification, these matters are grammatical in nature or pertain to punctuation and in either case are not matters of substance. As these corrections require very little consideration by the examiner, the above changes are respectfully requested under 37 CFR §1.312. Applicant submits no new matter is added to the application by the requested amendment.

Should you have any questions, or identify any problem, I would appreciate a telephone call so that this matter may be resolved promptly.

While no fee is anticipated for this supplemental transaction, authorization is hereby given to charge any additional fees, and credit any overcharges pertaining to the prosecution of this matter to Deposit Account No. **02-3979**.

Respectfully submitted,
